Name of the block.	'Marpady Block.'
Extent in acres	200.50 acres

...

Boundary Description

North:- The boundary line starts from station 0 and runs towards north east direction from station 0 to 2 over a distance of 870 links and runs towards south east direction to station 4 over a distance of 850 links and turns due southerly direction to station No.6 over a distance of 775 links and turns to south easterly direction from station 6 to 7 over a distance of 240 links. From there the line runs south westerly direction from station 7 to 10 over a distance of 695 links, and runs towards due south direction from station 10 to 12 over a distance of 890 links. From there the line goes along with the village boundary of Padummad and Marpady on due east direction from station 12 to 14 over a distance of 2090 links and moves to due north direction and runs to station No.16 over a distance of 1465 links. Then turns towards north easterly direction and moves from station 16 to 19 over a distance of xx 1525 links and runs towards northerly direction to station 22 over a distance of 865 links. Then moves to south easterly direction and runs to station 23 over a distance of 500 links. Further it moves to south westerly direction, runs to station 26 over a distance of 945 links. Then takes a turning to south easterly direction and proceeds to station 29 over a distance of 1735 links. Once again it turns and runs on southern direction from station 29 to 31 over a distance of 1065 links. Then it turns on due east direction and proceeds to station 32 over a distance of 370 links and takes turning on due north direction and moves to station 34 over a distance of 920 links.

p.t.o.

Then it moves on north westerly direction and runs to station 38 over a distance of 2070 links and finally takes a turning to due east direction and runs from station 38 to 39 over a distance of 430 links, and closes the northern boundary.

The bearings and distances from station to station are furnished below.

Station Number From	To	Bearings in F.B.	Distance in links

Tree Growth Certificate

29 19

This area may be named as 'Narpady Block' which is situated around the tryjunction point of Padukonaje, Mudumarnad, Padumarnad, and Narpady villages. The survey numbers included in the block are S.No.78/1 of Padukonaje, S.No.196/1 of Mudumarnad, S.No.131/1 of Padumarnad and S.No.280/1 of Narpady village, Karkal Taluk, S.Kanara. The entire extent of the block is about 200 / 50 acres, are partially wooded containing shrub jungle, Honne and Boorga trees here and there. The average height and girth of the trees are 20' and 24" respectively. The area is quite suitable for raising cashew, therefore this area may be proposed for reservation and allotted for raising cashew.
